

8am—10am / Friday 27th March 2020

An introduction to T Level Industry Placements

Hope Street Hotel, 40 Hope Street,
Liverpool, L1 9DA

This is your invitation to An Introduction to Industry Placements.

Is your business in the Construction and Engineering sector?

Do you want to find out more about the support available for your business?

Join us on Friday 27 March to find more on recent Government announcements surrounding Technical Education as a key feature of the Government's educational policy that aims to create a simpler, high-quality system that is one of the biggest reforms to technical education in a generation.

The Education and Skills Funding Agency will be giving updates on national developments, policy directives and how the Industry Placement element of T Levels is our biggest opportunity to make sure that young people leave education better prepared to be successful and productive in the workplace.

Hear from Liverpool City Region Combined Authority and Growth Platform on the current Liverpool City Region landscape as well as local employers and providers on the challenges facing the city region.

The event will be of specific interest to businesses working within the Construction and Engineering Sector in Liverpool City Region looking to find out more about Industry Placements.
