Dear Rev Fr Manomey and Parishioners,

**Letter of Appreciation**

Wesoamo Child Cancer Foundation was set up by Wesoamo Pwamang at the age of 11 years after surviving osteosarcoma (cancer of the bone). The foundation has three main objectives to create awareness about childhood cancers. Secondly, to take care of the general welfare of the children battling cancer and help pay the Bills of those in need. Thirdly, to support with palliative care for those who are terminal.

Last year we planned a playroom and library project for the two main hospitals in Ghana. It is in this regard that you and your parishioners supported us with beautiful books and play items. We are overwhelmed by your generosity and wish to applaud your kindness.

We therefore reassure you of our commitment to maintain the library and playroom project we have initiated in the two hospitals. Once life returns to normality in Ghana, and we resume our regular visits to the hospitals, we will be sending you pictures of the libraries and playrooms. God reward your kindness in many folds.

Yours sincerely,
