Making Space Awards 2019

Shining a light on the incredible achievements of the people we support and our dedicated volunteers

Integrity

We act with honesty and integrity

Integrity is the quality of being honest and having strong moral principles.

This award recognises those who have the courage to uphold their personal integrity to bring about positive change. This could have been through campaigning for improvements in your local community or your service or making a positive change in a volunteering role.

Respect

We value people and treat them with respect

Do you know someone who goes the extra mile to show respect to you or others? We are looking for individuals, teams or volunteers who have helped embrace all corners of society with a zero tolerance to all forms of abuse.

This could be shown through learning about new cultures, joining forces with other charities or even running an anti-bullying campaign at your service.

Excellence

We strive for excellence

We all face challenges in our lives, big and small, but it's how we overcome these challenges which defines us.

A person's goal is individual to them and we want to recognise someone who has had the determination to reach a goal that is important to them. Do you know someone who has gone above and beyond to reach a personal goal or to help improve a service?

Knowledge

We inspire with knowledge

Learning new things is a great way to improve our wellbeing. It helps us to broaden our horizons and helps to give us a sense of achievement.

Do you know someone who has taught themselves a new skill, gone back to school to learn more on a subject or even helped others to develop a talent?

Collaboration

We communicate and collaborate openly

At Making Space, we embrace the diversity of our people and celebrate our shared ambition. This award is for an individual or group of people who have worked together in partnership as a force for good in their local community.

This could be a one off event to help reduce stigma against mental health conditions or working together regularly with a local community group.
