The Peak named 'West End Development of the Year' at the Offices 2010 Awards

Heron International, the Co-operative Insurance Society and AXA Real Estate Investment Managers are pleased to announce that The Peak, their joint office development located opposite London's Victoria Station, has been named 'West End Development of the Year' at the Offices 2010 Awards.

The development, which offers eight floors of prime office space right at the heart of Victoria, has impressive green credentials and offers clear floor plates of 11,000 sq ft with excellent levels of natural light on three sides. It also incorporates secure storage for 100 bicycles.

Designed by architects Sheppard Robson, the building fought off competition from seven other developments to take the title in front of around 600 property industry figures who attended the awards ceremony at The Brewery in London last night.

Commenting on The Peak's award win, Peter Ferrari, Managing Director at Heron International, said:

"The Peak is an extremely high quality development and we are delighted that the Offices 2010 judges have recognised this. Victoria has been transformed over the last five years in terms of corporate occupiers and The Peak offers first rate space in an outstanding location. This award is a testament to the hard work of everyone involved and I would like to thank them for their part in creating such a great building."
