Panoramic Collection launched at The Heron, City of London

Heron International, the pan European property group, is pleased to announce that the Panoramic Collection in The Heron, its luxury residential development in the City of London has been released. This is a selection of two and three bedroom apartments located above the 30th floor of the building which will be the highest, largest and most highly specified apartments released in the development so far, with the best views.

The 13 apartments include balconies with glass balustrades, a combination of onyx, marble and mosaic wall and floor finishes in the bathrooms as well as bespoke parquet hardwood timber floors in the living area and book matched marble floors in the entrance hall. All residents will also benefit from the building's concierge service, valet parking, butler service and an exclusive residents' club lounge with a dining area and a landscaped roof garden.

The Heron is the first major residential development in the City of London for over 30 years and is adjacent to The Barbican Centre on Silk Street, home to the finest in international arts and culture. It is within walking distance of the Barbican, Moorgate and Liverpool Street tube stations, equating to direct access to five of London's 12 tube lines and to two of the City's train stations. From the majestic St Paul's Cathedral to Shoreditch and Spitalfields market, the surrounding area offers something for everyone.

The lower floors of The Heron will provide state-of-the-art new facilities for the Guildhall School of Music & Drama, one of Europe's leading conservatoires. The custom-designed performance, teaching and support space will include a 608 seat concert hall, a 227 seat drama theatre, and a 126 seat studio theatre and will be an international cultural destination, enhancing the prestige of the residential tower.

Lisa Ronson, Commercial Director of Heron International, said:

"The Panoramic Collection apartments will be 13 of the most luxurious and sought after residences in London. The combination of world class appliances and finishes coupled with the sensational views over London truly sets these apartments apart from anything available in the City."
