

# GALACTIC MAMMUT SECURITY

## NEW LINE

### Approvals

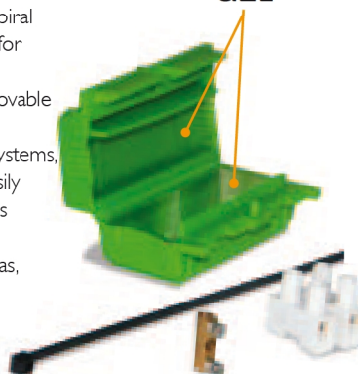

- EN 50393 and CEI 20-33 (Note: with testing under water head and water between the cable cores)
- In Class 2 according to standard CEI 64-8

Galactic Mammut Security is an extremely compact accessory that is suitable for resolving insulation and sealing problems and is placed in safety by connections made with "chocolate blocks" strips or spiral connections. Supplied complete with 4 mm<sup>2</sup> "chocolate block" for quick and safe conductor connections.

Suitable for all types home and industrial uses, to return safe movable or even uncovered connection conditions, for quick repairs of damaged cables and extension cords, for the safety of garden systems, panels, under kitchen appliances, etc. Non-toxic, no shelf life, easily re-enterable, fully sealed. Once closed, the internal connection is immediately blocked.

Galactic Mammut is essential even in the kitchen or service areas, especially if the area is wet.
