Gold Reserve is ideal for feather edging, stripping old paint and dry sanding filler. Sharp, hard premium aluminium oxide abrasive on a durable B-weight latex paper backing is perfect for aggressive sanding. No-Fil® water-based Stereate and engineered coating techniques prevent clogging and loading. The Norgrip® backing allows quick change on the machine to reduce process time.

## FEATURES

- "P" graded premium aluminium oxide grain
- Strong B weight latex/paper backing
- Water-based, non-loading Stereate

## BENEFITS

- Produces a quick, cool cut
- Produces a more consistent scratch pattern
- Resists tearing
- Conformable and flexible
- Resists loading
- Increases productivity
