SUMMER DRIVER'S GUIDE

Arnold Clark
Servicing & Repairs

Welcome

Welcome to the latest Summer Driver's Guide, an update on driving safely this summer and the products and services available from your local Arnold Clark Service & Repair Centres.

In this edition there's information on everything you need to get the most out of summer motoring, from a guide to driving in Europe to our great offers on accessories and maintenance, all designed to keep your car at its best.

At Arnold Clark we are committed to keeping you safe this summer so please take the time to read through this guide and contact us should you need any further advice.

Have a great summer.

Group Aftersales Manager

Summer Driving Tips

High temperatures and longer journeys put extra demands on your car, but some planning and preparation before you set out should ensure your car runs smoothly this summer. Take a look at these summer driving tips:

Plan your journey

Ensure you pack a road map and plan your route before you start driving. Think about where you are travelling and what extra equipment you might need.

Tyre pressure

Ensure your tyres are neither over nor under inflated. Adjust the tyre pressure if necessary depending on the amount of weight you may be carrying.

Tyre tread and condition

Summer temperatures heat up tyres and can aggravate any existing damage to the rubber so check you have the legal tyre tread depth and look out for any existing damage that may need attention. For more tyre advice visit www.arnoldclark.com

Engine oil and coolant levels

Ensure these are topped up to maintain the condition of your engine. At Arnold Clark we will top these up for free if your vehicle is between its scheduled service periods.

Check lights

It is essential that you check all lights including brake lights to ensure they are working and clear of dirt, which may make them hard to see by other road users.

Check fluid levels

Do not fill your fuel tank to the brim as heat expansion during the summer months could cause a fuel leak.

In all seasons, it is important that you carry an emergency kit in your vehicle, including; torch, water, high visibility vest and blankets.

For more information on maintaining your vehicle during the summer months contact your local Arnold Clark Service Department.

Accessories

Make sure your car is fully equipped for the summer!

If you're getting out and about, we have a wide range of useful extras for your vehicle, from tow bars, roof bars and boxes to bicycle carriers. There's also a great range of accessories to pass the time on your journey, such as DVD players and an MP3 connector for your car.

Tow Bars

There's one for virtually every model of car, see your local Arnold Clark Parts department for full details.

Tow Bar Bicycle Carrier

A compact and easy way to ensure you can take your bicycles anywhere.

Roof Bar Accessories

From sturdy roof boxes to handy bicycle carriers. They're all designed to carry additional luggage or equipment with ease.

Rear Seat Entertainment

A roof mounted DVD system that brings a new dimension to in-car entertainment. Large screens and wireless headphones ensure hours of entertainment for passengers.

Trunkliner

Available in rubber or plastic, these are perfect for keeping wet or muddy items from spoiling your boot carpet.

Rear Parking Sensors

Put an end to parking worries. When reversing, the sensors mounted in your rear bumper automatically measure the distance between you and any obstruction. The closer you get, the more frequent the beeps.

Driving in Europe

European Driving Guide

Driving in Europe offers some spectacular scenery and amazing landmarks from the Eiffel Tower to the Colosseum, so don't let a driving fine or a run-in with the local police ruin your holiday.

Use our handy European driving guide to steer you in the right direction.

Preparation before you go:

- Check the FCO (Foreign and Commonwealth Office) travel abroad pages for the country you are visiting www.gov.uk
- Register with the FCO's LOCATE service so they can get in touch with you in the event of an emergency.
- Don't go anywhere without travel insurance (both for you and your vehicle, you may need to let your vehicle insurance provider know if you are leaving the UK).
- Make sure your driving licence is current and valid.
Ensure you are aware of the driving laws in the country you are visiting.
- Take photocopies of your passport, driving licence (both parts), insurance certificate and other important documents and keep these separate from the originals.

EUROPEAN TRAVELLERS' KIT
