INTRODUCTION

Thank you for buying this British-built appliance from us.

This user guide book is designed to help you through each step of owning your new product.

Please read it carefully before you start using your appliance, as we have endeavored to answer as many questions as possible, and provide you with as much support as we can.

General information, spares and service information is available from our website.

If you should find something missing from your product or have any questions that are not covered in this user guide, please contact us (see contact information inside the front cover).

European Directives

As a producer and a supplier of cooking appliances we are committed to the protection of the environment and are in compliance with the WEEE directive. All our electric products are labelled accordingly with the crossed out wheeled bin symbol. This indicates, for disposal purposes at end of life, that these products must be taken to a recognized collection points, such as local authority sites/local recycling centres.

This appliance Complies with European Community Directives (CE) for household and similar electrical appliances and Gas appliances where applicable.

This appliance conforms to European Directive regarding Eco design requirements for energy-related products. Our policy is one of constant development and improvement, therefore we cannot guarantee the strict accuracy of all of our illustrations and specifications - changes may have been made subsequent to publishing.

Hereby, Glen Dimplex Home Appliances Ltd. declares that the radio equipment types ST BI900 EF and ST BI900 MF are in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: www.stoves.co.uk

Disposal of Packaging Material

The packaging materials used with this appliance can be recycled. Please dispose of the packaging materials in the appropriate container at your local waste disposal facilities.

UK ONLY GAS WARNING:

If you smell gas, Do not try to light any appliance. Do not touch any electrical switch.
Call the Gas Emergency Help line at **0800 111999**

SAFETY

WARNING

- During use the appliance becomes hot. Care should be taken to avoid touching heating elements.
- Children less than 8 years of age shall be kept away unless continuously supervised. This appliance can be used by children aged from 8 years and above and persons with reduced physical sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning the use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.
- Do not use harsh abrasive cleaners or sharp metal scrapers to clean the oven door glass since they can scratch the surface, which may result in shattering of the glass.
- Do not use a steam cleaner on any cooking range, hobs and oven appliances.
- Ensure that the appliance is switched off before replacing the lamp to avoid electric shock.
- Never put items directly on the base of the oven or cover the oven with foil, as this can cause the base element to overheat.

CAUTION

- This appliance must not be installed behind a decorative door in order to avoid overheating.
- The cooking process has to be supervised. A short term cooking process has to be supervised continuously.

- **Fire Safety Advice**

If you do have a fire in the kitchen, don't take any risks - get everyone out of your home and call the Fire Brigade.

If you have an electrical fire in the kitchen:

- Pull the plug out, or switch off the power at the fuse box - this may be enough to stop the fire immediately
- Smother the fire with a fire blanket, or use a dry powder or carbon dioxide extinguisher
- Remember: never use water on an electrical or cooking oil fire.

- **Other Safety Advice**

- Servicing should be carried out only by authorised personnel.

- Do not operate the appliance without the glass panel correctly fitted.
- There is a risk of electric shock, so always make sure you have turned off and unplugged your appliance before starting. Always allow the product to cool down before you change a bulb.
- Do not modify the outer panels of this appliance in any way.
- This appliance must be earthed.
- The appliance must never be disconnected from the mains supply during use, as this will seriously affect the safety and performance, particularly in relation to surface temperatures becoming hot and gas operated parts not working efficiently. The cooling fan (if fitted) is designed to run on after the control knob has been switched off.
- **GAS WARNING!** - If you smell gas: Do not try to light any appliance, Do not touch any electrical switch. Contact your local gas supplier immediately.

USING YOUR APPLIANCE

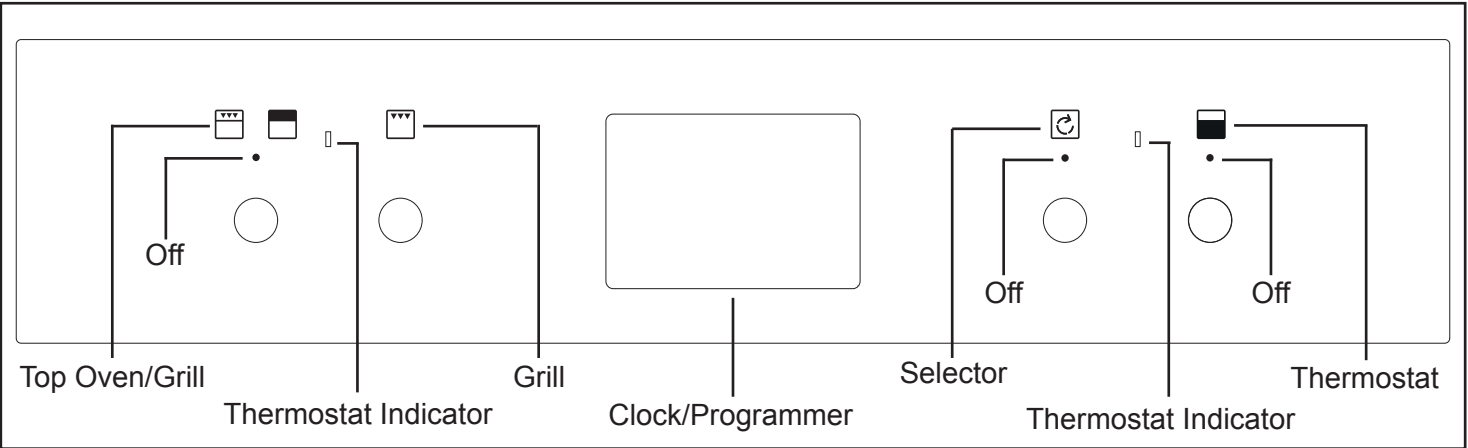

Getting to know your product

Note: Your appliance layout may differ depending on the model.

Control Panel (900EF)

Control Panel (900MF)

Oven / Grill functions

Note: Your oven may not have all of the functions shown here. We recommend for best cooking results, please preheat for 15 minutes.

Use fanned oven setting for slow cooking. Do not try to slow cook using any of the other oven functions.

- | | |
|---|--|
|  Intense Baking |  Defrost |
|  Base Heat with fan |  Conventional Oven |
|  Slow Cook |  Fanned Oven |
|  Fanned Grill |  Low Grill |
|  Oven Selector Control |  Single Grill |
|  Conventional Grill |  Dual Grill |
|  Top Heat |  Base Heat |
|  Lights only |  Pizza Function |
|  Bread Proving |  Keep Warm |

Selector (900MF)

Thermostat (900MF)

Oven (900EF)

Top Oven / Grill

Grill

Oven/Grill

When using the oven/grill, the red thermostat indicator will come on until the selected temperature is reached. The thermostat indicator will cycle on and off as the thermostat switches to maintain oven temperature.

When the ovens or grill are switched on, the cooling fan comes on to keep the fascia and control knobs cool during cooking/grilling. The fan may continue to operate for a period of 10 minutes after the oven or grill has been switched off.

Important: Never put items directly on the base of the oven, or cover the oven base with foil, as this may cause the element to overheat. Always position items on the shelf.

Grill

THE DOOR **MUST** BE OPEN WHEN THE GRILL IS USED FOR CONVENTIONAL GRILLING.
THE DOOR **MUST** BE CLOSED WHEN THE GRILL IS USED FOR FANNED GRILLING.

Grill pan, trivet and detachable grill pan handle

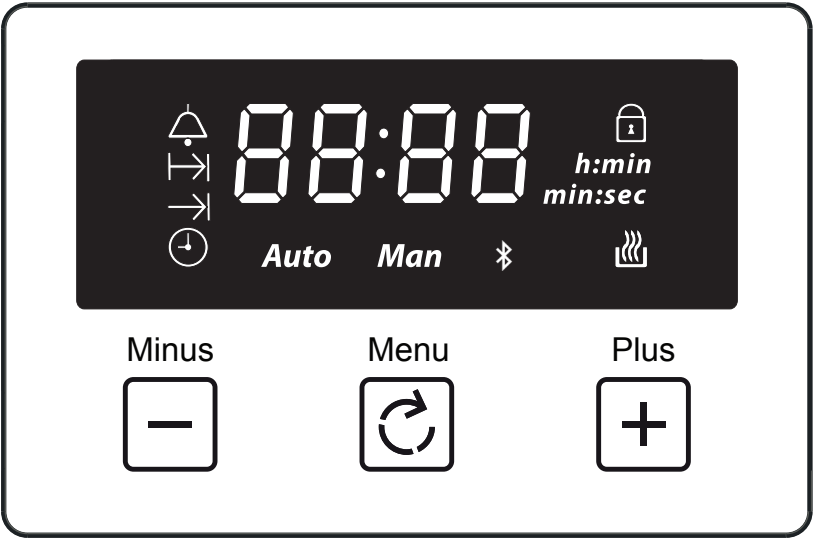

The grill trivet, inside the grill pan, can be inverted to give a high or low position, or it may be removed. The speed of grilling can be controlled by selecting a higher or lower shelf position, or adjusting the grill setting.

Please be aware that only the main oven is controlled by the programmer.

Clock / Programmer

Note: Your clock / programmer may not have all these functions

	Minute minder	Man	Manual mode
	Cooking time / Duration	L 1, L 2, L 3	Volume level
	End of cooking time	23:59	7-segment display
	Time of day	99:00	Max. adjustable minute minder
	Keylock	23:59	Max. adjustable cooking time
	Auto cooking	h:min	Display hours:minutes
Auto	Automatic mode	min:sec	Display minutes:seconds
	Bluetooth Connectivity		

Using the touch controls

Menu - Scroll through to select a function

Plus - Increase time or volume

Minus - Decrease time or volume

When a function is selected and the time or volume is set, the chosen function will automatically start seven seconds after setting.

Manual Mode

If the programmer is not in semi-automatic or full-automatic mode you can use oven functions manually. The manual icon is also on the display.

Setting the time of day

By pressing menu, scroll through the functions until you reach 'time of day'.

- 1 Press the function button until the 'time of day' symbol appears

- 2 Press the plus or minus buttons to set a time

Setting the minute minder

The maximum cooking time that can be set is 99 minutes.

- 1 Press the function button until the 'minute minder' symbol appears

- 2 Press the plus or minus buttons to set a time

Once set, the minute minder will start to countdown in steps of seconds. The display will show the minute minder symbol and the remaining time. The countdown will continue in the background, if other functions are being set.

When the set time for the minute minder has completed, an alarm is heard and the minute minder symbol will flash on the display. Press any button to stop the alarm and the time of day is displayed.

To modify or cancel the minute minder

Return to the minute minder function and use either the plus or minus buttons to adjust the time. By setting the time to '0.00', this will cancel the countdown.

Setting the cooking time (the duration of time the oven will operate for) Semi Automatic cooking

The maximum cooking time that can be set is 23 hours and 59 minutes.

1 Press the function button until the 'cooking time' symbol appears

2 Press the plus or minus buttons to set a time

Once set, the automatic mode, auto cooking symbol and the time of day is displayed.

When cooking is completed, an alarm is heard and the manual mode symbol flashes on the display. Press the Menu button to stop the alarm and then the 'time of day' will then be displayed. Pressing the Menu button again will return to manual mode.

To modify or cancel the cooking time

Return to the 'cooking time' function and use either the plus or minus buttons to set the time. By setting the time to '0.00', this will cancel the countdown.

Setting the end of cooking time (to set a time for the oven to turn off) Fully Automatic

Enter cooking duration as described in 'Setting the cooking time' section.

The display shows the current 'time of day' plus the 'end of cooking time' symbol. The latest 'end of cooking time' is limited to the current 'time of day' plus the maximum time that can be set (23 hours and 59 minutes).

1 Press the function button until the 'end of cooking time' symbol appears

2 Press the plus or minus buttons to set a time

The auto cooking symbol disappears from the display once the time, the required cooking settings and temperature have been set. The appliance will not be switched on until the set cooking start time, that is the difference between the cooking end time and the cooking duration.

When cooking is completed, an alarm is heard and manual mode symbol flashes on the display. Press the menu button to stop the alarm. Pressing the Menu button again will return to manual mode.

To modify or cancel the end of cooking time

Return to the 'end of cooking time' function and use either the plus or minus buttons to set the time. The 'end of cooking time' can be deleted by counting back using the minus button until it equals the current time of day.

Setting the volume

Press the menu button until “LX” (X = 1, 2 or 3) flashes on the display. Use the plus or minus buttons to select a tone.

Note: Default tone is L3

Activating / deactivating Key lock

1 Press and hold the plus button for 3-5 seconds

2

Once the Key lock is active, the buttons will be inactive. A two beep signal will be heard if the buttons are pressed.

To deactivate the Key lock

Press and hold the plus button for 3-5 seconds. The Key lock symbol will disappear and the appliance can continue to be used.

Note: In case of main power loss for a short time (about 1.5 minutes), timer maintains its status. Key lock status and buzzer tone are memorized independent of the power loss duration.

Bluetooth Connectivity

State of Connectivity Symbol

- When the connectivity symbol is not present, the appliance cannot be connected to.
- When the connectivity symbol is blinking, the appliance is ready to be paired with a smart device using the Zeus appliance app.
- When the connectivity symbol is solid, the appliance is connected to a smart device and can be set using the Zeus appliance app.

Activating the Bluetooth Connectivity

- 1** Press and hold the menu button for 2 seconds until a beep is heard

- 2** The connectivity symbol will start flashing. The timer is now ready to be connected to a smart device

Deactivating the Bluetooth Connectivity

- 1** Press and hold the menu button for 2 seconds until a beep is heard

- 2** The connectivity symbol will disappear

Pair cooker with Mobile device

 Please refer to the website at the front of this guide for more information or download the Zeus appliance app (Available on iPhone and Android)

How to read the 6-digit pairing code

1. When the smart device connects to the appliance through the Zeus appliance app, the app will ask for a unique pairing code that will be displayed on the timer.

Note: Every time a new smart device connects through the Zeus appliance app to the appliance, a different pairing code is displayed.

2. When prompted to enter the 6-digit code, the code will appear on the timer. The 6-digit code will scroll across the timer display from the right to the left.

Note: Be aware that the display can only show four digits at a time.

Clear pairing information from the appliance

Note: If you clear the pairing information from your appliance, you also need to clear the pairing information from your mobile device. You will not be able to connect until you pair the device again.

- 1** Press the menu and plus button at the same time until a beep is heard.

Once the beep is heard, any paired data will be cleared.

Clear pairing information from your mobile device

Settings > Bluetooth > Oven > Forget This Device/Unpair

Removing Shelf Runners

Standard shelves

Removing Telescopic shelves (if fitted)

Before removing the shelves completely, please make sure that the shelf is unclipped from the retaining tabs.

Changing the light bulb

Not all appliances have the same number and type of bulbs. Before you replace your bulb, check to see what type you have. **Please remember that bulbs are not covered by your warranty.**

CLEANING YOUR APPLIANCE

Do's

Note: Always switch off your appliance and allow it to cool down before you clean any part of it.

Note: Please take extra care when cleaning over the symbols on the control panel, as this can lead to them fading.

- Warm, soapy water

- Clean, wring out cloth

- Wipe with damp cloth
- Dry with a soft cloth

Tips: Some foods can mark or damage the metal or paint work e.g.; Vinegar, fruit juices and salt. Always clean food spillages as soon as possible.

Dont's

- Undiluted bleaches
- Chloride products

- Wire Wool
- Abrasive cleaners
- Nylon pads
- Steam cleaners

- Do not place in the dishwasher:
- Cast iron griddle
 - Pan supports

IT IS IMPORTANT TO CLEAN YOUR APPLIANCE REGULARLY AS A BUILD UP OF FAT CAN AFFECT IT'S PERFORMANCE OR DAMAGE IT AND MAY INVALIDATE YOUR GUARANTEE.

IN ADDITION TO THE ABOVE, DO NOT USE METAL SCRAPERS TO CLEAN THE OVEN DOOR GLASS.

We offer a great range of cleaning products and accessories for your appliance.
To shop, please visit our website located at the front of this User Guide.
