## Valor ViH60TF

60cm electric induction hob with touch controls

BLACK

### Matching Products

**Valor VBI60FP  
Stainless Steel**

- **Induction Hotplate/Hob**  
Induction technology works by heating the pan rather than the hob. It's nearly twice as fast as a gas hob and 30% faster than ceramic. To help save on your energy bills it's also 30% more efficient than a gas hob and 25% more than a ceramic hob. Our induction hobs use technology which gives you greater control over the temperatures and cooking process, helping you to get perfect results. As there is no naked flame or red hot element it's safer to use, plus you can use the child lock to disable all controls.
- **Minute Minder**  
Set this timer to let you know when your meal or your cakes are ready to come out of the oven.
- **Power Boost**  
If you need a quick temperature boost to your cooking, the power boost function will temporarily increase the power to a cooking zone for 10 minutes. After this time you'll hear a beep and the temperature will drop back to level '9'.
- **Residual Heat Indicators**  
This feature not only warns of hot surfaces but also indicates residual heat which can be used as a temporary warm zone.
- **Touch Controls**  
Touch controls are easy to use and help make cleaning the hob easier. The controls can be locked so they can't accidentally be switched on or changed when set.
- **Made In Britain**

## TECHNICAL SPECIFICATION

<b>Hob</b>				<b>Installation</b>	
No of burners/elements	4			Hard wired	Yes
<b>Electric Hob</b>				Terminal block position	Underside, rear centre
Front left element (kW)	1.4 - Power boost - 1.85			Supply voltage	220 V
Rear left element (kW)	1.4 - Power boost - 1.85			Supply frequency	50 Hz
Rear right element (kW)	1.4 - Power boost - 1.85			Total electrical power load (kW)	7.4
Front right element (kW)	1.4 - Power boost - 1.85			Fuse size (A)	32
				Fitted 3 pin plug	No
				<b>Dimensions</b>	
				<b>Packed</b>	
Easy clean ceramic glass surface	Yes			Height (mm)	135
Touch control	Yes			Width (mm)	660
Digital power display	Yes			Depth (mm)	560
Number of power settings	9 + power boost			Weight (kg)	9.5
Pan detection	Yes			<b>Product</b>	
Pan overheat detection	Yes			Height (mm)	54
On/off key	Yes			Width (mm)	590
Child lock	Yes			Depth (mm)	520
Boost Function	Yes			Weight (kg)	8.5
Auto standby	Yes			<b>Cut Out/Housing</b>	
Timer	Yes			Width (mm)	560
Minute minder	Yes			Depth (mm)	490
Residual heat indicator	Yes			<b>Finish &amp; codes</b>
