## Built-in Oven, 60cm 42L + 62L, 4 Function

This Fisher and Paykel 60cm, 42L + 62L built-in oven with 4 functions is perfect for compact kitchens.

Brushed Stainless Steel

### Dimensions

Depth	564mm
Height	<sup>(A)</sup> 718mm
Width	<sup>(B)</sup> 595mm

### Features & Benefits

#### Cooking flexibility

This built-in oven has four functions with pre-set temperatures, including Bake, Fan Forced and Fan Grill allowing you to use a variety of cooking styles.

#### Sized to suit

This built-in oven provides a generous 62L + 42L of total capacity across two cavities providing enough space for a large family roast with room to spare.

#### Easy cleaning

This built-in oven has catalytic liners that break down oil and fat splashes during cooking so you don't have to spend hours cleaning.

#### Safe and sound

The CoolTouch door with triple glazing and cooling system is safe to touch from the outside, protecting your hands and the surrounding cabinetry.

#### Accessories

This built-in oven comes with a number of handy accessories including a fat filter, grill pan and a grill rack.

#### Designed to match

With their premium handle styling and stainless steel finish, our built-in ovens are designed to match the rest of Fisher & Paykel's kitchen appliance family.

#### Bake

The Bake function radiates heat from the top and bottom of the oven whilst natural convection currents evenly distribute heat. Moisture is retained to provide light, succulent dishes. For best results, only bake on one shelf at a time.

#### Fan Forced

The Fan Forced function is great for multi-shelf cooking. Heat is generated at the rear of the oven and is distributed evenly throughout your oven by the fan.

#### Fan Grill

The intense heat and radiation of the Fan Grill function works well for cooking large cuts of meats, so they are moist inside and crisp on the outside.

### Specifications

#### Accessories

Catalytic liners	Sides and rear
