

T75280AC Front loaded TD

ProTex: the gentle way to dry

The ProTex dryer enables you to dry even the delicate loads with uniform results, so your clothes look new for longer.

OptiSense: minimum consumption always

The OptiSense system's intelligent humidity sensors ensure lowest energy consumption whatever the load.

The fastest way to dry a load of mixed fabrics

For the tightest schedules, this Extra-Quick Mixed program enables you to get a 3kg load of mixed fabrics perfectly dry in only 40 minutes.

More Benefits :

- Dedicated special programs for tailored drying conditions
- Delay start function for greater control over your time

Features :

- Condenser dryer: the moisture is condensed into a water container, no outside ventilation required
- Panel with text in English
- Sensor dryer: the dryer senses when the clothes are dried to the level specified
- Additional time controlled drying programs
- Cotton programs: Cupboard dry, Extra dry, Iron dry
- Synthetics programs: Cupboard dry, Extra dry, Iron dry
- Special drying programs: Bedlinen, Delicates, Easy iron plus, Extra Quick Mixed, Jeans, Sport, Time, Wool refresh, activewear, duvet
- Delicate option
- Long anticrease phase option
- Energy consumption (program cotton cupboard dry): only 3.85 (4.82) kWh after spin speed drying at 1400 (1000) rpm
- Reverse tumble action loosens the clothes and prevents tangling and creasing
- Dry Plus function
- Display type: Medium LCD
- Delay start option
- Drying status indication for: Anti-crease/end, Cool down, Drying
- Indications for: Condenser, Filter, Tank
- Optional acoustic signal at program's end
- Condense tank position and capacity: Panel left , 5.28 l
- Feet: 4 adjustable feet

Technical Specs :

- Product Installation : Free_ Standing
- Product Typology : Full_Size_Condense
- Product Classification : Performance
- Installation : FS
- Drying technology : Condense
- Cabinet type of : Sahara 60
- Design family : AEG-Electrolux P10
- Main colour : White
- Panel colour : White
- Insert panel colour : White
- Front door : Plastic
- Type of timer min. : EDR10
- Push button functions : Buzzer, Delay start, Delicate, Dry Plus, Long anticrease, On/off, Start/pause, Time
- Push button functions number of : 8
- Knob/Command functionality : Drying program
- Indicator programme : Medium LCD
- Indicators display : Remaining time
- Indicator drying status : Anti-crease/end, Cool down, Drying
- Indicators other : Condenser, Filter, Tank
- Display type : Medium LCD
- Other comments technical specifications : Standby II directive compliant from W26/2012
- Height total : 850
- Width mm : 600
- Depth mm : 600
- Drum volume : 118
- Full load capacity kg : 8.0
- Cabinet material : Steel
- Drum material : Stainless steel Protex
- Tank position : Panel left
- Tank capacity : 5.28
- Filter position : Front cabinet
- Humidity control : Conductimetric
- Condensation efficiency : 90%
- Frequency : 50
- Voltage : 230-240

Product Description :

The ProTex dryer dries with great gentleness and care. The intelligent OptiSense system tailors the cycle time to your load size, preventing your clothes from being overdried, whilst the XL Soft Drum provides gentle care for extra large loads up to 8kg. The Silent System Plus and generous insulation ensure near-silent operation. So you can relax, knowing you won't be disturbed and your clothes will stay looking new for longer.
