Local Time CST China Standard Time (UTC / GMT +8 hours)

Version Date: 2 October 2019

1. World Curling Federation (WCF) rules apply, unless otherwise indicated below or explained at the Team Meeting, 1 November at 10:00

2. At the end of the round-robin, teams placed 1 - 4 in each gender qualify for the playoffs. The Olympic playoff system will be used (semifinals with 1 v 4 and 2 v 3). The winners of the semi-finals advance to the Gold Medal games. The losers of the semi-finals play in the Bronze Medal games.

3. Qualification for World Championships:

In the women's competition, the gold and silver medal winning teams qualify their MA for the 2020 World Championship. In the men's competition, only the gold medal winning team qualifies their MA for the 2020 World Championship.

The Pacific-Asia region has the right to enter two teams for each gender into the World Qualification Event (WQE). Those two spots will be allocated to the two next highest ranked teams not already qualified.

4. All games will be ten (10) ends, with extra end(s) to break tied games.

5. There will be a nine (9) minute practice for each team before each round robin game. The practice starts 30 minutes before the scheduled game time. The team with the first practice during the round robin will be the team with dark stones (1st named team) except in the first session for men's and women's games, where a coin-toss will decide which team has first or second practice.

6. At the conclusion of the team's pre-game practice, two players each deliver a stone to the tee at the home end; the first stone with a clockwise rotation, and the second stone with a counter-clockwise rotation. The distances are combined to determine the Last Stone Draw (LSD) for that game. The team with the lesser LSD distance has the choice of delivering first or second stone in the first end. If the LSD totals for both teams are the same, the individual LSD stones are compared and the best non-equal LSD has the choice of delivering first or second stone in the first end. When both teams have the exact same individual LSD stone distances, a coin toss will be used to determine that choice.

7. First named teams in each draw play the stones with the dark coloured handles, and wear dark coloured upper playing garments. Second named teams in each draw play the stones with the light coloured handles, and wear light coloured upper playing garments. Note: red is considered a dark colour.

8. The Chief Umpire will determine the schedule and ice for all post round robin games.
