

No Leak Guarantee

WINDCATCHER® X-Air - Natural Ventilation

We promise **your WINDCATCHER X-Air natural ventilation system will not leak for 10 years from the date of commissioning.** Monodraught backs up this promise with a **full 10-year product guarantee.** These patented systems offer unrivalled levels of weather protection.

The WINDCATCHER X-Air has unique layers of weather protection:

1. ACTIVLOUVRE® modulating louvre technology allows the weather resistance of the external louvre blade to be increased dependent on weather conditions and even closed at roof level to prevent snow being blown through an open louvre arrangement.
2. ACTIVLOUVRE uses a weather resistant double step louvre profile whilst **providing 25% greater levels of ventilation** than a conventional Classic louvre profile.
3. Computer generated design of profiled internal rain trap louvre is fitted as standard.

Monodraught is certified under **ISO 9001** quality standards and **ISO 14001** environment standards, and the WINDCATCHER X-Air systems carry a 10 year-product guarantee and a 5 year guarantee on control actuators.

This Guarantee is in addition to your statutory rights and is transferrable to any future owner of your building provided that you have paid for the systems. This Guarantee applies to all systems purchased after the 1st April 2015.

Please see overleaf for details of our guarantee conditions.

No Leak Guarantee

WINDCATCHER® X-Air - Natural Ventilation

Terms & Conditions

The 10 year Guarantee period becomes effective from the date commissioning is completed.

Monodraught shall not be liable if the control system or associated controls strategy employed have not been either supplied or approved by Monodraught. In any event Monodraught will not accept any liability in any form arising from failure of any control system not provided by Monodraught.

Commissioning must be carried out by Monodraught or an approved agent of Monodraught. In instances where the controls system and associated strategy are provided by others, joint commissioning is required.

The Guarantee is subject to the WINDCATCHER X-Air systems and associated controls being serviced and maintained in accordance with Monodraught's operating and maintenance instructions, which must be performed within the specified timescales.

Original commissioning reports and subsequent service records are required to validate this guarantee.

This Guarantee does not apply to any failure or defect caused by accidental damage, neglect, abuse, misuse, alteration, shipping damage, unauthorized repair or modification, or causes external to the product such as, but not limited to, power failure, power surges, or natural disaster.

The Guarantee is applicable to WINDCATCHER X-Air installations carried out by Monodraught Ltd, or an approved agent of Monodraught Ltd.
