

# SUNPIPE & WINDCATCHER: Oxley Park Combined School

## Natural Lighting and Natural Ventilation

Added on 02/08/2012

- **Location:** Milton Keynes
- **Architect:** Architecture MK

It is most appropriate that Milton Keynes Development Corporation have been one of the first to recognise the advantages of natural ventilation and indeed, natural lighting from SUNPIPES for the benefit of children's health and development. To date 16 schools in the Milton Keynes area have now been completed using these systems. Architects like the clean lines of the Monodraught systems but also recognise they are making a major contribution to reducing energy costs and maintenance costs in their school budget programme.
