

CHAIN LUBE Factory Line

Lubricant for road motorcycle chains

White coloured and sticky

Spray

TYPE OF USE

All types of chains : standard and with O - RING, X-RING, Z-RING.

A result of Motul's experience in motorcycle racing, only for road use (sticky product), MOTUL CHAIN LUBE Factory Line is a lubricant specifically developed to lubricate racing motorcycle chains: Road Racing and Endurance.

Specially recommended for very fast bikes :

MOTUL CHAIN LUBE Factory Line adheres to the chain even at high speeds.

PERFORMANCE

Based on solid additives AW/EP formulation (anti-wear and extreme pressure), MOTUL CHAIN LUBE Factory Line reduces the rolling resistance, increases transmission efficiency and keeps its lubricant properties under high temperature.

Increases chain lifespan.

Water and rust resistant.

Protects O-rings, X-rings and Z-rings.

Contains a solvent to eliminate old residue and to penetrate into the links.

White colour for easier application.

RECOMMENDATIONS

Clean the chain with MOTUL CHAIN CLEAN.

Shake before use.

Apply to the whole length of the inner chain : easier applying thanks to the white colour of MOTUL CHAIN LUBE Factory Line.

MOTUL CHAIN LUBE Factory Line adheres completely after 10 minutes of drying.

SECURITY

Refer to the MSDS sheet and the information mentioned on the spray.
