It's a spectacular helicopter flight which takes you over a 1 700 metre curtain of thundering water known as the 'Mosi oa Tunya' which means 'the smoke that thunders'.

The helicopter pilot completes a series of clockwise and anti-clockwise turns over the Falls, giving passengers on both sides of the helicopter the perfect view of one of the Seven Wonders of the World in all its thundering glory and spectacular photo opportunities of the waterfall and Batoka Gorge below.

The 'Flight of Angels' trip is 12-13 minutes long. You can book a longer flight which lasts up to 20-25 minutes. On your return flight back to the helicopter pad, the pilot flies over the mighty Zambezi River and over Kalunda Island. The longer flight allows you to see more of the Batoka Gorge and the Zambezi National Park.

Zambezi Helicopter Company currently operates a fleet of three helicopters which includes one Bell 206 Long ranger (6 seater) and two Bell 206 Jet rangers (4 seater).

Personalised DVDs and photographs are taken of every trip and are made immediately available for viewing and purchase.
