Solvents	5 - 10 %	F	R11																		
3. <u>Hazards identification</u>	This product is not classified as hazardous.																				
4. <u>First-aid measures</u>	<p>Skin contact: Irritation/rash. Rinse affected area with water. If needed apply cold compress to relieve irritation. Discontinue use of product. If symptoms persist, seek medical advice.</p> <p>Eye contact: Transient superficial irritation. Rinse thoroughly with plenty of lukewarm water for 2-3 minutes. If symptoms persist, seek medical advice.</p> <p>Ingestion: Possible mild gastro-intestinal irritation with nausea, vomiting, diarrhea. Drink water to dilute product. Do not induce vomiting If symptoms persist, seek medical advice.</p> <p>Inhalation: Inhaling aerosolized products may cause irritation of the mucous membranes. Go in open air and ventilate suspected area. If irritation is experienced, mouth and throat may be rinsed with water. Aerosolized product adhering in the nasal cavity may be rinsed / diluted with saline/plain water. If irritation or asthma-like symptoms persist, seek medical advice.</p>																				
5. <u>Fire fighting measures</u>	Not explosive. Not auto-flammable. Not flammable. The product itself will not burn. If anything, packaging may be involved in a fire. Use CO2, dry chemical powders or alcohol resistant foam. If water is used, contain run-off.																				
6. <u>Accidental release measures</u>	Avoid spillage into sewers or surface water. For large spills: pump into metal containers and rework/dispose as per local legislation. For small spills: use non combustible absorbant and shovel into container for disposal.																				
7. <u>Handling and storage</u>	Provide sufficient ventilation. Store in a cool and dry area.																				

8. <u>Exposure controls / Personal protection</u>	Not a hazard in normal use. No personal protective equipment required.
9. <u>Physical and chemical properties</u>	Appearance: Green liquid Smell: Perfume pH (10 % aqueous solution) : ca. 7.8 Flashpoint: 51 - 54°C Not Flammable. Non-Explosive. Non-Oxidizing. Relative density : ca. 1.02 g/cc Water solubility : high Packaging : polyethylene bottle, PP cap.
10. <u>Stability and reactivity</u>	Stable under normal conditions.
11. <u>Toxicological information</u>	This product is not acutely toxic, after ingestion it may cause emesis. If large quantities are ingested, treat symptomatically. If irritant effects are seen, these will be mild to moderate, depending on exposure. If in contact with eyes flushing with water is recommended. Estimated acute oral toxicity: LD50 (rats) \geq 2g/kg Skin irritation: Slightly irritating to skin Eye irritation: Slightly to moderately irritating to eyes Subchronic toxicity: Chronic ingestion of residues left on dinnerware is safe for humans Contact sensitization: Does not provoke a sensitization reaction
12. <u>Ecological information</u>	All ingredients in this product were shown to be safe for the environment.
13. <u>Disposal considerations</u>	Consumer products ending up down-the -drain after use. Observe safe handling precautions and local legislation.
14. <u>Transport information</u>	No special precautions.
15. <u>Regulatory information</u>	This product is not classified according to EU-directive (88/379EEC) and local implementation laws. All substances in the preparation are registered in Europe.
16. <u>Other information</u>	This product does not require any special training before use. Usage and handling instructions are mentioned on package and this Material Safety Data Sheet.
