

Step By Step Bellavita Bath Lift Sucker Installation Guide

1

Thread through the sucker into the bottom half of the hole.

2

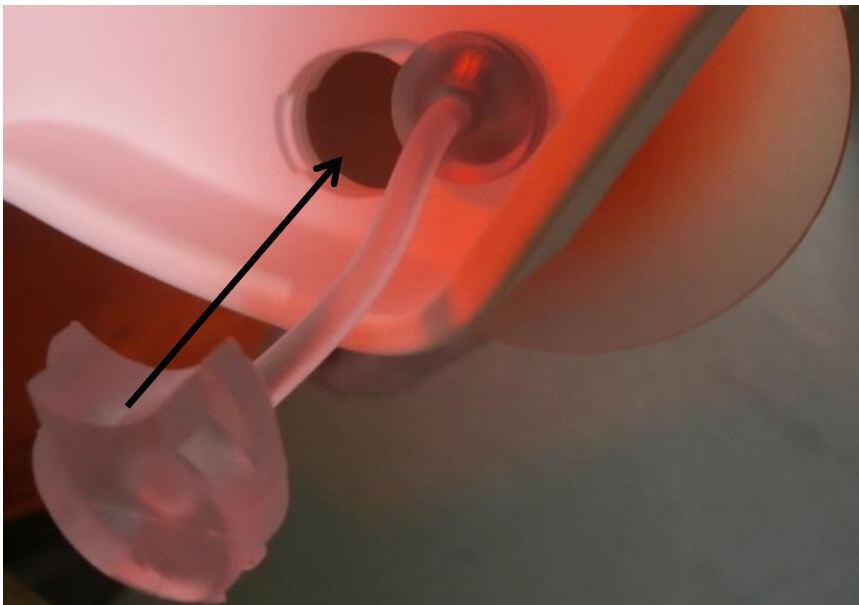

This is what the sucker should look like once full inserted.
You will the need to move it up to the top half.

3

This is what the sucker will look like once you move it through to the top half.

4

This is what it should look like from behind. You will the need to insert the little bit of the sucker into the spare hole.

5

This is what the sucker should look like once fully inserted.
