

## **Bellavita and Riviera Warranty**

There is a comprehensive warranty on the bathlift, guaranteeing against design and manufacturing defects. The warranty applies to both commercial and domestic applications subject to the conditions stated. Drive Medical have provided this warranty free-of-charge to the first time purchaser or user only. The warranty is not transferrable to another user, irrespective of how the product is passed on or sold on.

To qualify for the warranty, the customer must request replacement parts through outlet from whom they purchased the devices. They must present an original invoice, delivery note or date stamp from the outlet. The bathlift must be serviced or inspected every 12 months by a competent person. Proof of service in the form of an invoice or service certificate may be requested.

The warranty guarantees the motor and other electronic parts for 2 years from date of delivery or purchase. The covers and suckers are guaranteed for 1 year from date of delivery or purchase. The frame is guaranteed for the lifetime of the device.

In the event of any part or product developing a manufacturing or design defect within the warranty period, replacement parts will be supplied free of charge. Damage due to natural wear and tear, accidental damage or misuse is not covered by the warranty. The warranty will become invalid if the device is changed or repaired by unauthorised persons or in an incorrect manner. Any further claims may also be excluded. We will not be liable for any direct or indirect defects, damages or costs in connection with the use or inability to use the device for any purpose.

This does not affect your statutory rights.

This warranty applies to bathlifts supplied by Drive Medical from 01 January 2016.
