

CAREERS AT WOODKIRK ACADEMY

Shaping Young Lives... Your Aspirations, Our Inspiration

Careers information, advice and guidance is integral to our vision of Shaping Young Lives. We have a dedicated Careers team in school, based in the Learning Resource Centre.

MEET THE TEAM...

Shona Wykes, Careers Adviser:

I offer one-to-one information, advice and guidance for students in all year groups. I support students applying to sixth form, college, university and apprenticeships, and help them to make decisions about which careers paths and opportunities are most suitable for them.

Mrs Prior-Chappell, Careers Assistant:

I support the Year 12 students to ensure that they all go out on a weeks' work placement during the summer term of their Lower Sixth studies. I organise the Careers Fair for Years 11, 12 and 13 and the guest speaker programme for Year 10 and Year 12.

Experience

Straight Ahead

Mrs Polly Morris, Careers Assistant:

I ensure that our school is meeting the statutory requirements for careers education. I keep abreast of changes to Labour Market Information to ensure that our students have access to up to date information, enabling them to make fully informed and considered choices.
