## **Annual Members Meeting** **23/02/2017**

---

**Motion Name:** Canteen for Lunch Breaks

**Background:**

At the moment there are only few places (the refectory) on campus that students can buy an affordable and healthy meal. For example at German universities a non-profit model is used for campus cafes, where the University provides food at a break-even cost. It would be a huge benefit for all students if there were more places offering this service for students.

**Purpose:**

We need more places that offer affordable and healthy(!) hot meals for students, especially after the University's redevelopment of Tyndall Place and Senate House. During the redevelopments it is important that students are not left with no service. A new canteen could be incorporated into senate house.

**Action:**

1. For Bristol SU to lobby for more affordable, healthy eating establishments on campus, and for it to be considered as an important part of what students want from Tyndall Place.
2. For Bristol SU to work with the University to ensure that there is adequate canteen provision for students during any construction work that may be taking place i.e. if the refectory is demolished to build a new library then there must be an alternate space provided by that time.

*Proposed by:* Janis Stolzenwald

*Seconded by:* Djen Kuhnel
