PROMOTERS PACK & TECHNICAL SPEC

ABOUT THE ANSON ROOMS

Bristol is one of the country's leading cities for live music. With a vibrant music scene, and a smorgasbord of summer festivals, Bristol is the ultimate destination for music lovers.

One of Bristol's best loved venues, the Anson Rooms has played host to an impressive roster of high profile acts in its 50 year history, including David Bowie, Radiohead, Blur, Foals, Pulp, The Smiths and Coldplay.

With a capacity of 1,150 the Anson Rooms is one of the largest gig venues in Bristol, and the flagship venue for Bristol SU Live. Bristol SU Live is central to the experience of Bristol University's 22,000 students, thanks to its location within Bristol Students' Union.

Following a multi-million revamp in 2015, the Anson Rooms is in a better place than ever to play its part in Bristol culture for students and locals alike.

This pack gives you all the technical details on our venue, and all the support you can expect to receive when you book with us.
