Every year, tonnes of waste gets left on Sheffield’s streets, most of which could be REUSED, RECYCLED OR DONATED.

When you move out this summer, it’s easy to do it the right way!
British Heart Foundation

Clothes, shoes, handbags, accessories, clean kitchenware, CDs, DVDs, textiles and small electrical items can all be placed in official BHF donation bags and donated at British Heart Foundation collection points around the city.

See the map overleaf for locations where you can donate all of these items!

Food

Donate unused, unopened and non-perishable food to us and we’ll distribute it to charities across Sheffield. We collected over 3 tonnes of food last year!

Recycling

Remember to use your blue bins & boxes to recycle as much as possible. Put plastic bottles, tin cans & glass in one bin. Put paper & card in the other.

Kitchenware

Pots, pans, plates, glasses, mugs – do you need all of these next year, or can you share with your housemates? Donate everything you can & save space when you move.

Your last resort - Red Sacks

Anything that you can’t reuse, recycle or donate can be placed in one of the council’s red sacks. Anything in these will be incinerated, so only use these as a last resort! Fill these and place them outside your house between 12 – 30 June. If your street is highlighted on our map overleaf, they’ll be collected within 48 hours. If it isn’t put them out on your usual bin collection day.

Red sacks will be collected from...

Halls of residence

If you’re living in halls of residence talk to reception about recycling facilities, food donations and the British Heart Foundation donation points on site.

See the back page to find out where you can collect sacks

See the map overleaf for locations where you can donate all of these items!
If your road is highlighted in the light red zones below, please place your red sacks on the kerbside on any day between the 12 - 30 June and they will be removed. If your road is not highlighted, place your red sacks out with your black bin on your regular scheduled collection day during these dates.

DONATION SITES

If your road is highlighted in the light red zones below, please place your red sacks on the kerbside on any day between the 12 - 30 June and they will be removed. If your road is not highlighted, place your red sacks out with your black bin on your regular scheduled collection day during these dates.
