CONTACT WITH CLASSMATES

Your main role will be to have contact with your classmates and to deal with issues they raise.

THE STUDENTS ASSOCIATION

The purpose of a students' association is to

CONNECT, **SUPPORT**, **MOTIVATE**, **ENCOURAGE** and **HELP** students with their everyday life.

BENEFITS

Being a class rep and taking advantage of the training opportunities will provide and promote your skill set in leadership, teamwork, negotiation, communication, time management, self-confidence, and a deeper understanding of the association and university. You will also have the opportunity to get HEAR (Higher Education Achievement Report) Accreditation. This is something you can put on your CV.

"The university is committed to providing you with the best possible learning experience. Class reps play an important role, ensuring that there is a strong student voice and strengthening partnership working between the Student Association and the university."
