

# Maria Inês Sousa Maia

Wimbledon Officer

Hello!

Maria here from Wimbledon college, are you ready to have the best Spokesperson for your college??

Sorry, got a bit too enthusiastic with the role, I am a humble person most days but today I feel I can tell you about how I can be the best spokesperson for this School I can be. Let me tell you a little about myself and you can decide for yourself!

I am originally from Portugal, but I have been around the world as a volunteer work. Brasil, Italy and most recently Vietnam. The last one marked me the most because I was a guardian for little kids at an Orphanage. The funny thing is I ended up being the one with much to learn. That's how I see every experience from that point on. I aim to be the best spokesperson I can be for this role but I also aim to learn plenty about being a representative of a Union. It makes me even happier to be a representative of this School (Wimbledon).

Also, I have done two postgraduate courses, one currently active so I believe I have more than enough experience on being a student, your requests are safe with me!

So vote for me if you want the best representative! (I am full of myself sometimes, that's what politics is all about!)
