Executive Officer Manifesto

RE-ELECT JEROEN FOR EXEC OFFICER

My name is Jeroen and I am standing to be re-elected as Executive Officer. I am a third year Sociology student and I have campaigned for many years to stop student poverty. Over the last year I have had the opportunity to represent students on a wide area of issues. My main focus has been on student welfare and I am proud to say that I have brought 4 motions to the Student Rep Council which all passed. In the coming year I seek to ensure our Students' Association takes strong steps to counter any cuts taking place in our University.

AS YOUR EXECUTIVE OFFICER I WILL:

- Continue to build a movement that supports Abertay Students
- Fight for rent controls in student accommodation and private let
- Campaign for better provisions for student parents
- Campaign for Abertay SA to introduce a third Sabbatical position
- Continue to ensure students are at the heart of the Democracy Review

OVER THE LAST YEAR I HAVE:

- Requested information from the university on Student Rent and student homelessness. As a result students facing homelessness can now access accommodation
- Proposed a motion that was passed at SRC to include more students in the Democracy Review
- Fought against course cuts and further marketization of our education.
- Ensured Student Welfare is at the heart of AbertaySA
- Proposed a motion that was passed to work with UCU (lectures union)
