

## SUMMARY OF THE MANIFESTO

What will be done	Detail	Further detail	Visual Example	Example
<p style="text-align: center;"><b>Entrepreneurship Competition</b></p>	<p>Students spend more than £100,000 in University Tuition fees &amp; accommodation.</p> <p>It is only fair to say the University should invest back in students' innovative ideas.</p>	<p>Manchester has a birthplace vibrant history in the industrial revolution and been a birthplace for various emerging markets, it is only fair to say that the university should therefore support students' business ideas.</p>		<p>Jeremiah an engineer in this case had a pitched his final year project invention to build a device that would reduce carbon emission by 30%. The university decided to invest £100,000 in his idea with a 20% share hold.</p>
<p style="text-align: center;"><b>PS4, Pool Table, Netflix in the Union</b></p>	<p>Engagement at the Union is very low such that the majority of students do not even know it exists. social activities should be present in the Union as it is the only place meant for students</p>	<p>The union will once again be fun place for students to; Hang around, relax and get relief university. Have fun, meet people.</p>		
<p style="text-align: center;"><b>More freedom to study</b></p>	<p>Freedom to pick any modules regardless of faculty</p>	<p>Once again students invest thousands of pounds getting a degree with modules they would never use. Students should have;</p>		<p>Tom studies Accounting and finance but has interest in filming, he therefore decided to take pick film art as one of his modules.</p>

		A freedom to personalise Interest. Learn skills relevant to their career path.		
Full time Support Officers	20 full time support tutors	The MMU app will be rebuilt with a high quality Students will be able to; Visit support officers at any time. Text support tutors on a much enhanced MMU app.		Jane Studies Computer Programming, in this case she has been struggling with particular aspects of calculus relevant to work on his Programming coursework

**MENTAL HEALTH;**

University still does not understand the amount of mental struggle students go through while at university when they are given work without assistance without any assistance at all.

There will be more than 20 support offices whose job will be only to assist students through one to one tutoring through the day and live video chat in the evening.

The MMU app will be renovated to have better UX interface similar to that of Instagram and will include options such as live chat with tutors were students would send.

#### ENTREPRENEURIAL FUNDING FOR STUDENTS BUSINESS:

Students pay more than £100,000 on tuition fees & food, the university promising a better life for a student after university will now be obligated to invest back at least 20% of a student's business if it has potential to prosper.

The university will benefit in the investment by buying shares from the business while kick-starting a student's business. If the business fails the university does not have much to lose as this was only 20% of student's tuition fees. And also, it is important to acknowledge that it is a key role for university to provide the opportunities as they can to students.  
The university on the other hand has an obligation to better student lives after university.

#### FREEDOM TO CHOOSE TO STUDY ANY MODULES REGARDLESS OF FACULTY:

Rather than just grades a degree should give much more detailed profiles about students.

Personality and experience and modules they study would help persuade a student's interests to branch in various disciplinary fields. This program will mean students who come to university would have the option not to be enrolled in a specific course but rather will have more freedom to choose whatever modules they prefer to study regardless of the department.

Furthermore, students will determine how many modules and how long their study should take.

As shown above, John will be able to pursue his music career while still doing accounting.

An engineering student with passion in music and art can still do engineering while taking music on the side.

An accounting student with passion in acting who would take core practical modules in accounting while exploring while still exploring his/her in theatre acting.

Rank the university: I will push for an increase in sports, theatre and other for the university to take part

Renovation of the MMU Union, the MMU Union will be a centre for all special elegant events that take place in Manchester, by renovating the design of the union, it will attract fashion designers, artists and other business to easily connect with the university, this means more opportunities will be presented to students who study similar programs.

An engineer on the engineering behind the scene, an accountant will calculate how much predicted revenue and so on

Renovating of the Union: The union will now include; 0th floor: The ground floor will have modern living room style with a huge 4k TV with Netflix on.

The ground will include a new type technology from which just by walking on the ground, energy will be converted into electric, together with the rooftops being.

1st floor Music, design and photographic studio A live musical, video and photographic studio with 4k modern video cameras for better quality on the 2nd floor available for students to book them.

A modern architecture. A gallery of various sorts of work done by students, robots, photography, crafts etc.
