

# BRIDIE SOLFERINO

## EDUCATION OFFICER – TEAM ‘BEDS’

Hello! My name is Bridie Solferino and I am running for Education Officer. I am currently a third year International Business Management student at MMU. Having attended university for the past 3 years and being involved in all aspects of student life, I believe I would be a great voice and representation for the wants and needs of students at MMU.

My mission as your educational officer is to make each and every student feel like they are not only getting the most out of their course fees, but also their time at university. As your officer I aim to implement the following changes and developments:

- More information and greater exposure for course reps – including socials and course rep events
- Promote communication between courses and departments to reduce conflicts with coursework deadlines and exam timetables
- Standardised coursework feedback times
- Greater promotion of student mental health within university life, especially during fresher's week and exam time periods
- More student trips across a range of courses
- Increase study abroad and placement support

I believe I am ideal for this position as I believe that hearing and implementing the student voice more predominantly throughout the educational aspect of university can only be beneficial to current and future students.
