FROM: Luke Armitage and Neve Ovenden
RE: Next steps to full ratification of new associations
DATE: 12 March 2019

Assembly notes:

1. The Trans Association, Working-Class Students' Association, and Women's Association have previously been approved for ratification by Assembly.
2. The new Student Group model constitution has also now been approved by Assembly.
3. The remaining step for full ratification of new Associations is approval of their constitutions by Assembly and the Board.

Assembly believes:

1. There is no need for assembly to vote on ratification of new Associations for a second time.

Assembly resolves:

1. To delegate one off power to Governance & Grants Committee for approval of the new constitutions of Trans Association, Working-Class Students' Association and Women's Association, and sending these to the Board.
