

Lancaster University Student's Union Environmental Sustainability Policy Action Group

Define the union's stance and direction on environmental sustainability issues

Evaluate union's own performance against these stances and identify improvement

Key part of representation of student voice at Union and University level

Evaluate Union's engagement activities which relate to these stances

- Inform and approve policy (i.e. sustainable travel and procurement policy)
- Inform implementation plans that support this
- Set and review KPIs for Union performance.

- Advise Union executive on student idea submission and policy creation and review
- Guide student representative on University's Environmental Advisory Board
- Inform Union campaigns.

- Set and review KPIs in the Union's annual Environmental Sustainability Strategy.
- Guide Environmental Sustainability team in their priorities. Identify gaps in engagement opportunities.
