

Green Impact - Cookies

How we use cookies

Cookies are very small text files that are stored on your computer when you visit some websites.

We use cookies to help identify your computer so we can tailor your user experience.

You can disable any cookies already stored on your computer, but these may stop our website from functioning properly.

This website will not share any personal information with third parties (outside of our delivery partners – rootAbility in Europe and ACTS in Australasia, where relevant, who adhere with our GDPR requirements).

Control web browser cookies:

If you don't want to receive cookies, you can modify your browser so that it notifies you when cookies are sent to it or you can refuse cookies altogether. You can also delete cookies that have already been set.

If you wish to restrict or block web browser cookies which are set on your device then you can do this through your browser settings; the Help function within your browser should tell you how. Alternatively, you may wish to visit www.aboutcookies.org, which contains comprehensive information on how to do this on a wide variety of desktop browsers.

NB: Translations in Welsh and Netherlands coming soon.
