Policy proposal: Supporting democracy in Hong Kong
Proposer: Medical Councillor, Dominic James Fairbrass
Seconders: Music Councillor, Matthew Luk; Human Communication Sciences Councillor, Chesna Wu; Materials Science and Engineering Councillor, Dennis Premoli.

Sheffield Students' Union Council Notes:
1. The widespread democracy movement in Hong Kong is the result of underhand tactics by the Chinese Communist party to undermine democratic due process in Hong Kong.
2. The pro-democracy movement in Hong Kong has the support of the majority of Hong Kong residents.
3. The extradition bill as first forwarded by Carrie Lam is in violation of the Sino-British Joint declaration.
4. The developments in Hong Kong have generated tension within our student body between students from Hong Kong and mainland China.

Sheffield Students' Union Council Believes:
1. Democracy and the right to elected representation is a fundamental human right that should be accessible to all people.
2. A moral obligation exists of our SU to support the peaceful struggle for democracy both at home and abroad.

Sheffield Students Union Council Resolves:
1. To condemn any violent confrontation between protesters belonging to our SU.
2. To declare publicly the student unions support for the Hong Kong democracy movement.
3. To call on the university to make an official statement regarding Hong Kong.
4. To ensure the safety and security of Hong Kong students on campus and to defend their right to freedom of speech.
