

Hello! My name is Sean Keeley, I am running to be reflected as Independent Chair.

The independent chair's responsibility is to ensure that sabbatical officers are held to account and are encouraged to represent students in their work. This role is vital to make sure Brookes Union can represent students effectively.

I promise to hold the sabbatical officers to account through regular one-to-one meetings

I promise to ensure that all demographics of Oxford Brookes are welcomed and given opportunities to give feedback and contributions to student representatives

I promise to keep housing on Brookes Union's campaigns to ensure landlords are held to account and students are aware of their rights

### My experience

I have previously been a Sabbatical officer at Brookes Union, I worked hard to ensure students facing housing issues got the representation and help they needed.

I am seeking re-election!! I really want to stay so I can really cement the role of Independent chair in the day-to-day activities to make sure that all officers know they must be accountable.
