

**Policy Heading: No to No Deal**

**Date Proposed:** 14 October 2019

**Authority:** Union Council

---

This Council Notes (Facts):

- No Deal Brexit, as outlined by the HM Government paper “The consequences of “No Deal” for UK business” and Universities UK No Deal Briefing report, will have catastrophic impact for students at the University of Sunderland and remove future mobility and funding opportunities.

This Council Believes (Opinions):

- Sunderland Students’ Union should not take a political stance on Brexit, however should add pressure to the Government not to accept a No Deal, to ensure that the future of Higher Education as we know it is protected when leaving the European Union.

This Council Resolves (Actions to take & by whom):

- Sunderland SU takes the policy position of opposing to a No Deal Brexit.
