Dear Officers

Student Rent at DIGS

Thank you for your letter regarding student accommodation. I understand that in these difficult times students are looking to the Students' Union to support them regarding accommodation issues and I know you have been in dialogue with all Student Hall providers, and, I assume private landlords regarding this issue. As you acknowledge in your letter, the University does not own, or have any financial involvement, in any accommodation provision, but we do provide information on our website to our students and applicants regarding Digs, other accommodation providers, including the ones mentioned in your letter, and of course the services of the Students' Union run Hudlets.

We have begun a dialogue with Digs to raise the issue of student disquiet about its approach, and are awaiting a reply.

Yours sincerely,

Professor Tim Thornton
Deputy Vice-Chancellor
