

GETTING MARRIED IN VILLA AUGUSTUS

You can get married at Villa Augustus in the 'Moestuinzal', the 'Wantijzaal' and the 'Limonaia'. In good weather, you can even exchange your vows beneath the trees in the garden!

I DO!

The most wonderful day of your life deserves an extra special location. At Villa Augustus, you have a choice of three: the *Moestuinzal*, the *Wantijzaal* and the *Limonaia*, a hothouse where the lemon trees are kept in the winter. In good weather, you can even exchange your vows in the garden! A wedding should be a festive and unforgettable day and we would like to help you to achieve that. We supply sparkling drinks and delicious snacks and, of course, you can stay overnight on one of our rooms.

The rooms in the water tower can seat around 50 guests, and the *Limonaia* 75. They can accommodate even more, if the guests are willing to stand. Ask at the reception about the options or make an appointment to come and talk to us about your special wishes.

Please take into account that the municipality of Dordrecht has to be informed of a wedding at least three months in advance. You can find more information (in Dutch) on rates and times on the municipality's website (www.dordrecht.nl).
