

# **GB** Who Rules the Jungle?

## Contents

1 jigsaw playing board, 4 character pieces, 4 character stands, 26 double-sided leaf cards, 1 card crown, 1 dice

## Setting up

- Assemble the playing board.
- Each player chooses a character and inserts it into a character stand. Place your character at the start zone on the corresponding footprints.
- Shuffle the leaf cards and place them facedown in a pile within reach of all players, or alternatively spread them around the board.
- Place the crown and dice where everyone can reach them.

## To play

- The **youngest** player starts by rolling the dice and moving their character playing piece along the jungle path.
- If you land on a leaf icon, you may pick up a leaf card. If you turn over a:

Move  
**forwards**  
one space

Move  
**backwards**  
one space

You may **take the crown** from the table or from another player and wear it. Make sure to **ask nicely** and say "please" and "thank you"!

- Place the leaf card in a separate discard pile after following the instruction.

## NOTE

- If you move forwards or backwards onto **another** leaf after turning over a leaf card you may continue to take another card.
- If all the leaf cards have been turned over, shuffle the discard pile and continue to take cards from this new pile.

- Players continue to move along the jungle path until a player reaches the throne (you don't need to roll the exact number to land on the throne). This player **must be wearing the crown** to become the jungle King or Queen.
- If you are **not wearing** the crown when you reach the throne, wait until your next turn to turn over a leaf card (1 card per turn). If you turn over a +1 or -1 you must stay where you are. If you turn over a crown you can take the crown from another player and be crowned jungle King or Queen!

### **The winner**

The winner is the first player to become jungle King or Queen by sitting on the throne **whilst wearing** the crown.
