Contents

- 4 jigsawed transport boards
- 20 passenger cards
- 4 ticket cards

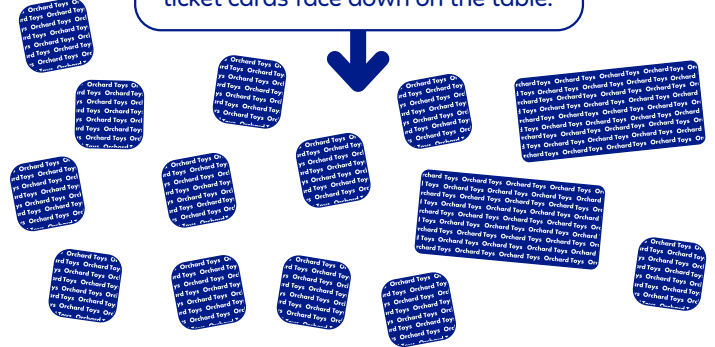

Setting up the game

Each player pieces together a vehicle board.

Spread the passenger cards and the ticket cards face down on the table.

1 Pick a card

The youngest player starts.

Turn over a square card from the table.

2 Make a match

If the passenger on the card is shown on your board, place the card over the matching picture.

Play passes to the next player.

3 No match

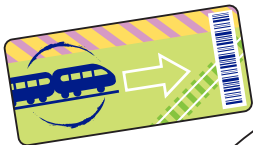

If the passenger on the card **does not match** a passenger on your board, show the card to the other players then return it face down to the table.

Play passes to the next player.

4 When your board is full

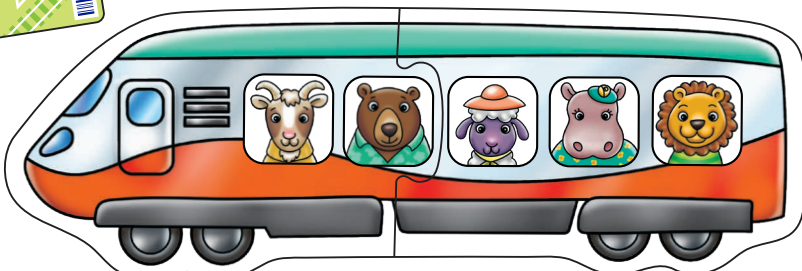

When your board is full of passengers, it's time to find your ticket!

On your next go, turn over a ticket card from the table. If the ticket card shows your type of transport, you are the winner!

If the ticket card **does not** show your type of transport, show the card to the other players and return it face down to the table.

Play passes to the next player.

5 The winner!

The winner is the first player to fill their board with passengers and find their corresponding ticket.
