

Autumn is a great time to get out and about! There's lots of fun to be had with items that can be found on a woodland walk. Here are a few ideas for activities you can do with the things you collect.

You will need:

- Pine cones
- Leaves
- Conkers
- Acorns
- Sticks
- Pebbles
- Small branches

Shapes

Use twigs and small branches to make shapes. Count the number of sides each shape has.

Figure making

Make some stick people and dress them in their own leafy clothing.

Counting

Small woodland items are ideal for counting and sequencing activities.

Dinosaur home

Woodland items make the perfect habitat for small toys such as dinosaurs figures.
