

Orava Residential REIT plc

STOCK EXCHANGE RELEASE 9 SEPTEMBER 2015 AT 6:30 PM

CORRECTION: Orava Residential REIT corrects two key figures in the note to the tables section of its Interim Report

There is an error in section "Property maintenance expenses" of Note no. 7, Expenses by type, in the tables section of the second quarter Interim Report published by Orava Residential REIT on 13 August 2015.

Instead of the average market value of investment properties between 1 January and 30 June 2015, the table erroneously presents the average market value of investment properties between 1 April and 30 June 2015. The average market value of investment properties in the first half of this year is EUR 150.275 million, and the corresponding property maintenance expenses less compensation for use as percentage of market value are 2.9% p.a.
