

DAN OWEN

Dan Owen's songs speak of love, loss and a vast spectrum of universal emotions in-between. Delivered with his husky wounded roar of a vocal, one could imagine these compositions emerging from an old soul with a wealth of experience behind him. In person, however, Dan Owen is a fresh-faced 23-year-old with a cheeky glint in his eye.

"A voice quite beyond his years... an electrifying live act as well."
