

ABBA LA input list

Singers:

- 2 professional quality Wireless Microphones for the female lead singers
- 3 wired mics and cables for rest of band (gtr, keys, drums)
- 5 mic Boom stands
- 3 In ears inputs for both lead singers & guitarist

Keys:

- 2 DI boxes for stereo 1/4" output
- 2 music stands

Guitar:

- Electric – Direct box (he is not using a stage amp)
- Our sub guitarist uses an amp so 1 mic may be required depending on who is playing the gig.
- Acoustic – Direct box

Bass:

- Direct box or XLR direct out from the bass head.

Drums:

- Standard 4-piece kit
- 1 music stand

*****Backing Tracks:**

We will be sending XLR stereo outputs at line level from our own mixer positioned by the drummer. If the PA is set up in mono, we can submix them and send only one XLR output for mono.

*****in-ear monitors**

Both female singers and guitarist use in-ear monitors - we bring the receivers which have a 1/4" input. We have XLR to 1/4" adapters if needed.

****Requesting 2 additional not powered/unplugged monitors in front of female singers - to discretely tape our set lists to
