

# **TECH RIDER - TRAVEL DATE**

## **Equipment and technical needs:**

- 1. Six wireless microphones for vocalists**
- 2. Minimum 1 wired talkback microphone for keyboard player, 3 additional wired talkback microphones for remaining band members if possible.**
- 3. IEM transmitter / wireless system. Band and singers have their own IEMs, but the venue will need to provide the wireless packs and transmission system.**
- 4. INSTRUMENT BACKLINE: Drum kit, keyboard, and keyboard stand.**
- 5. 10 Individual mixes (6 singers and 4 band members).**
- 6. 7 Stools**
- 7. 6 Mic Stands for singers.**
- 8. Boom stands for talkback microphones.**
- 9. DI cables/inputs for Acoustic Guitar, Electric Guitar, Bass Guitar, Synth Bass, Keyboard, Electronic Drum Pad and 4 channels of Tracks from QLab (run via our Scarlett 4i4 interface, triggered by the keyboard player).**

## **Equipment requests, if possible:**

- 1. Video Screen: Our show utilizes a lot of inline video backgrounds and content. These are triggered via QLab by our keyboard player.**
- 2. Four Aviom mixers for band members.**
- 3. Drum Riser**
- 4. 3 Additional Risers for Keyboard player, Bass player, and Guitar player - depending on the size and scope of the stage.**

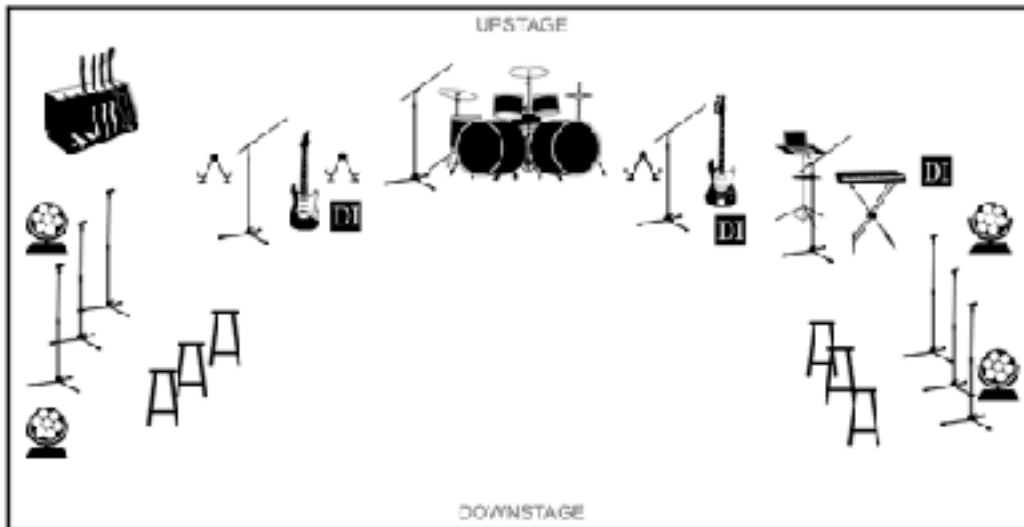

## **Equipment we are bringing with us:**

- 1. Guitars (Acoustic & Electric)**

2. **Bass Guitar**
3. **Synth Bass Keyboard**
4. **Scarlett 4i4 audio interface for QLab**
5. **All band members provide their own IEMs.**
