RAGDOLLS is dedicated to recreating Aerosmith's iconic sound, energy and entertaining style. Audiences will delight in an evening of high-energy musical entertainment and visual extravagance! Aerosmith has been one of the world's leading rock bands for decades. From the early days of rock anthems like Dream On, Walk This Way, and Sweet Emotion to the MTV era hits such as I Don't Want to Miss a Thing, Janie's Got a Gun, Cryin' and Love in an Elevator, Aerosmith has dominated the airwaves and stages all over the globe. **RagDolls** has painstakingly crafted a live experience that matches Aerosmith's look, sound, and energy, with no holds barred. From Steven Tyler's signature screams, stage antics and scarves to Joe Perry's legendary incendiary guitar work, **RagDolls** is dedicated to bringing you as close to the real thing as you can get.

"With so much talent, so much charisma, and gritty rock & roll, they quickly dispel the moniker of an "All-Female" Aerosmith Tribute. They are as good or better than any gender-specific band. They are, in one word...superb" - **The Greene Room Magazine**

"A fresh and bold take on Aerosmith's legacy" - **Music Connection**
