

You'll fall "Stone in Love" with Sheclipse! Five beautiful, accomplished musicians raised on the timeless music of Journey. With respect and love, Sheclipse pays tribute to the band who created the soundtrack to our lives. The only all-female version in the world aims to capture the hearts of Journey fans far and wide.

This amazing show was created in 2018 by powerhouse Vocalist Carol-Lyn Liddle-Puffer who has shared the stage with many famous rock stars including Lou Gramm (Foreigner), Steve Augeri (Journey) and Billy Gibbons (ZZ Top).

Armed with this brilliant catalog of songs, Sheclipse is poised to deliver the most unique Journey experience to audiences who appreciate the timeless music of this iconic band.

Sheclipse looks forward to performing on a stage near you and welcomes you with "Open Arms!"

"This is awesome! Carol-Lyn and SHECLIPSE are a must see!"

~Steve Augeri (Former Lead Vocalist of Journey)

"Sheclipse owns whatever stage they're on; these are easily some of the best renditions of Journey tunes I've ever heard, and any fan should take the time to see them live... a damn fine evening of rock and roll I was happy to attend, as was everyone else in the house."
