

DRIVING LICENCE REQUIREMENTS AND INSURANCE EXCESS INFORMATION.

Please be aware that we are the only rental company that publish all the insurance excess information so you are fully aware of your insurance excess liability and also the only company to offer the option of a zero insurance excess to drivers over 25 years of age.

DRIVING LICENCE REQUIREMENTS

The paper counterpart that was issued with the photocard driving licence has been abolished and is no longer accepted when hiring. We have found that the easiest option is to now ask customers to produce their driving licence as normal when hiring and also their National Insurance number. This will allow us to access the details we need via the DVLA online system with the customer when collecting their vehicle.

The alternative to this is to ask the hirer/driver to go to www.gov.uk/view-driving-licence. Once on the DVLA website you will be able to follow the on screen instructions to access your details (You will still need your driving licence and National Insurance Number to do this). Having done this you can follow the link "share licence information" which will allow you to generate a unique code. We will then need this code together with your driving licence to access your details on collecting your vehicle.
