Getting organised

GOOD REVISERS

by @Inner_Drive

POOR REVISERS

Eat breakfast		Skip breakfast
Sleep 8-10 hours a night		Get little sleep
Have regular bed times		Have inconsistent bed times
Get fresh air each day		Stay indoors all day
Exercise regularly		Do no exercise
Do past papers		Mostly revise highlighting "key" passages
Spread out their revision		Cram their revision
Keep a diary to capture negative thoughts		Dwell on worst case scenarios
Revise in a quiet environment		Revise while listening to music or TV
Drink water regularly		Forget to stay hydrated
Put their phone away during revision		Revise with their mobile phone next to them

It is absolutely crucial that students use a schedule / retrieval plan to get organised for their revision.

A retrieval plan provides an overview as to what will be revised and when and allows students to gain confidence from the work they have done.

It also enables students to systematically set out their revision for a course to ensure all topics / units are covered.

It is important to build in times for exercise / hobbies too so to ensure they have a balanced approach to their revision.
