| <p>How do I open and manage my account?</p> | <ul style="list-style-type: none"> You can only open this Account in your sole name, must be aged 18 or over and reside in the UK (or be performing duties as a Crown employee serving overseas, or married to, or in a civil partnership, with such a person). The Account cannot be used by clubs or charities or held in trust for anyone else. You can only apply for and manage this Account online through our website chartersavingsbank.co.uk. If this is the first cash ISA product you have subscribed to with us in a Tax Year (6 April to 5 April) then this will open your Cash ISA with us for that Tax Year. If you have already subscribed to a Cash ISA product with us in the Tax Year you subscribe to this Account then this Account will form part of the Cash ISA you already have with us for that Tax Year. You can only subscribe to one Cash ISA in each Tax Year. You can also open this Account and only transfer in subscriptions made to past Tax Years' ISAs, which will not count towards your ISA Allowance. The ISA Allowance for the 2018/2019 tax year is £20,000 which can be split between a cash ISA, stocks and shares ISA, innovative finance ISA and lifetime ISA (provided you do not subscribe more than £4,000 to a lifetime ISA). The minimum opening deposit is £1,000. Any deposits made in a Tax Year must not exceed your ISA Allowance. You can also transfer amounts from previous Tax Years' ISAs to us but the maximum amount that can be deposited in total in this Account balance is £1,500,000. Deposits to the Account must be by Electronic Transfer from your Nominated Account, or your initial deposit may be by cheque from your Nominated Account. You can also transfer an ISA you have with another provider to us. If you wish to do this when you open a new Cash ISA, you can let us know the details of your existing ISA during the online application process at chartersavingsbank.co.uk; this can also be done after you have opened a Cash ISA with us, by downloading the relevant Transfer Authority Form from our Useful Documents page. Please do not withdraw the funds from your existing ISA and then pay them to your new Cash ISA, as this may affect the tax status of the funds. If you have any queries about this process please contact us. If you would like to get in contact with us please use the secure messaging service by logging in to our online banking service at chartersavingsbank.co.uk or <ul style="list-style-type: none"> - call us on 0800 032 9999 (or +44 330 123 1111 if calling from outside of the UK). - email us at: info@online.chartersavingsbank.co.uk. |
| <p>Can I withdraw money?</p> | <p>Withdrawals</p> <ul style="list-style-type: none"> Yes, you can withdraw all or part of the money from your Account. You must give us 95 Days' notice. If you do not give us 95 Days' notice you can still make the withdrawal but this is subject to a charge, by way of a loss of 95 Days interest on the amount withdrawn. This may be deducted from the balance in your Account on closure and therefore you may receive back less than you have paid in. You can make a withdrawal from this Account through our website – chartersavingsbank.co.uk at any time. Withdrawals can only be made to your Nominated Account or another Charter Savings Bank account in your name (subject to the conditions of the chosen account). Please be aware that any amounts you withdraw from this Account will no longer be held in your Cash ISA. This means that any tax benefits in respect of the amount withdrawn will be lost and the money withdrawn cannot be reinstated in your Cash ISA later in that Tax Year without impacting your annual ISA Allowance for that Tax Year. <p>Transfers</p> <ul style="list-style-type: none"> You can transfer all or part of the money in this Account to another ISA provider at any time. You must give us 95 Days' notice. If you do not give us 95 Days' notice you can still make the transfer but this is subject to a charge, by way of a loss of 95 Days interest on the amount transferred which may be deducted from the balance in your Account on transfer and therefore you may receive back less than you have paid in. However, please note, if you want to transfer subscriptions made in that Tax Year, you must transfer all of that Tax Year's Cash ISA with us as it is not possible to transfer only some of the subscriptions made to the ISA in that Tax Year. Charges may be payable on the transfer of any other Cash ISA products you have with us and so you should check the specific conditions for those accounts. You can transfer all or part of any past Tax Year ISAs you hold with us to another ISA provider. You should contact your new ISA provider to make a transfer to them. |

 - depositing funds into this **Account** from your **Nominated Account** by **Electronic Transfer**, or for your first deposit by cheque, and make regular deposits by standing order
 - transferring funds into this **Account** from another ISA provider, or
 - transferring funds into your **Account** from another account with us, subject to the terms and conditions of that account.

If we receive a deposit or transfer then we may need to contact you to confirm the declarations you gave us in your Application Form when you opened this **Account**. We will contact you to obtain that declaration and when we have we will, subject to the terms and conditions of the **Account**, credit the funds received to the **Account** and pay interest from the date we received the funds. If we cannot contact you to obtain that declaration then we will return the funds received without interest.

- **Initial deposit** - you must fund this **Account** within 30 days of making your application. Your initial deposit must be a minimum of £1,000. If you do not, then we will assume that you no longer require the **Account** and may close it. - **Withdrawals/Transfers out** - you can make withdrawals or transfer money from your **Account** at any time after giving us 95 Days' notice. You can also make a withdrawal or transfer out from your **Account** at any time without giving us notice but that withdrawal will be subject to a charge, by way of loss of interest, equivalent to 95 Days interest calculated on the amount withdrawn/transferred at the interest rate on the date of withdrawal or transfer. This charge may be deducted from the balance in your **Account** on closure/transfer.

You can make a withdrawal from your **Account** by transferring funds to your **Nominated Account** or by transferring funds to another Charter Savings Bank account held by you (subject to the terms and conditions of that account) by using our online Banking Service. For more information on making withdrawals and how long it will take for the payment to reach your **Nominated Account** see paragraph 11 (Taking money from your Account) of the **General Savings Conditions**. In some limited situations we will be unable to action your request through our online Banking Service and if this is the case you should call us on 0800 032 9999 to request the withdrawal.

You can withdraw all or part of the balance in the **Account**. However if the balance in your Account falls below £1,000 you will receive a fixed rate of interest instead of a variable rate of interest.

Please note that any amounts you withdraw from your Cash ISA will no longer be held in your Cash ISA. This means that any tax benefits in respect of the amounts withdrawn will be lost.

If you wish to transfer your Cash ISA with us to another ISA provider then you should request this through your new ISA provider, making a separate request for each Cash ISA **Account** you have with us. You should not withdraw the funds from the Account and then pay them to your new ISA as those funds will lose their ISA status. Please note that if you want to transfer any subscriptions you have made in that **Tax Year**, you must transfer all of those subscriptions as it is not possible to transfer only some of the subscriptions made in a Tax Year. You can transfer all or part of any past **Tax Year** ISAs you hold with us to another ISA provider, provided that any partial transfer does not reduce the **Account** balance below the minimum balance of £1,000. Where we are transferring funds to another ISA provider we will do so in accordance with the **ISA Regulations** relating to transfers. On receipt of a transfer instruction form from the new ISA provider we will send the funds and accompanying information to the new ISA provider within five business days of the date of receipt.

- **Interest payments** - you can choose to receive your interest monthly or annually. You can ask us to pay interest into this **Account**, another Charter Savings Bank account held by you (subject to the specific conditions of that account) or into your **Nominated Account**. Just tell us what you'd prefer in the **Application Form**.

- **Interest payment date** - if you choose to have interest paid monthly, we will pay interest one month after you first make a deposit into your **Account** and on that day in every month after that. If you chose to have interest paid annually we will pay interest one year after you make your first deposit into your **Account** and on that day in every year after that. If the interest payment date would normally be the 29th, 30th or 31st then the interest payment date will be the last day of any month with fewer days than that.

- **Payment of Interest to your Nominated Account** - If the interest payment date is not a **Working Day** you will receive the interest payment into your **Nominated Account** on the next **Working Day**.

We will calculate in advance the amount of interest payable on the interest payment date based on the balance in the **Account** and interest rate payable at the time we make the calculation. If the interest rate or **Account** balance changes between us doing the calculation and the interest payment date, then we will have overpaid or underpaid the amount of interest due to you. We will recover any overpayment from interest due on the next interest payment date(s) or on **Account** closure or pay any interest underpaid at the next interest payment date or on **Account** closure.

If, on an interest payment date, the amount of interest that would be payable is less than £1, we will not pay interest on that date but will pay it on the next interest payment date where the interest payable is £1 or more.

- **Product withdrawal** - we reserve the right to withdraw this product from sale at any time.

We can provide literature in large print, Braille and audio. Please ask us for this leaflet in an alternative format if you need it.
