The following should be included in the number of properties a portfolio landlord holds:

- ▶ All mortgaged buy to let properties owned by the applicant whether jointly, in their sole name or by a company of which they are a director or shareholder.
- ▶ Any property owned on a residential basis with Consent to Let.
- ▶ Unencumbered properties do not need to be included but may strengthen the overall portfolio.

As part of our underwriting process we will make an assessment of an applicant's portfolio based on their individual circumstances and taking into account the impact of future interest rate increases.

Please refer to the following on our website for further guidance:

- ▶ Portfolio calculator.
- ▶ Portfolio landlord.
- ▶ Business plan.
- ▶ Personal assets and liabilities statement.

Portfolio lending limits

A single customer can have up to 20 individual Precise Mortgages buy to let loans (including buy to let second charge loans and mortgages they guarantee) with a maximum combined value of £10,000,000.

Rental calculation

The applicant's income tax band will determine the Interest Coverage Ratio (ICR) for the application. Where there are joint applicants with different income tax bands, the higher tax band will apply. The monthly rent should cover the existing first mortgage repayment and the proposed second charge loan repayment by the amount of the ICR at the applicable assessment rate which can be confirmed by the underwriter.

Income type	Proportion allowable in calculation
Basic	125%
Higher	145%
Additional	160%

The interest rate used in the ICR calculation is driven by the product type, as follows:

- ▶ **Tracker** - The higher of pay rate +2%, or revert rate, at a minimum of 5.5%.
- ▶ **Short term fixed rate** - The higher of pay rate +2%, or revert rate, at a minimum of 5.5%.
- ▶ **5yr+ fixed rate** - The initial pay rate.

Top slicing

If the requested loan amount is not available based only on the ICR calculation, Precise Mortgages will consider using earned income to support the requested loan amount. This is subject to the applicant owning no more than 3 mortgaged buy to let properties (including the security). If this option is used, then the following criteria will apply:

- ▶ All income will need to be validated to the Precise Mortgages underwriter's satisfaction.
- ▶ At least 1 applicant must own their residential property.
- ▶ The repayment method must be Interest Only.
- ▶ The proposed loan must end before the 75th birthday, or declared retired age (whichever comes first) of all applicants whose income is required to support the loan.
- ▶ All existing debt obligations (including court orders and CSA/maintenance/alimony commitments) will be taken into consideration as outgoings.

A fully completed and accurate Decision in Principle form is necessary for us to be able to access an application where earned income is to be used.

Five year fixed rate requirements
